About this resource ...

## Daily Alphabet Series - Book 1 (Code: DA1S)

is one of a series of resources written for ESOL pupils of any age and Year 1/2 students, which introduces the letters of the alphabet in a fun, systematic and methodical way.

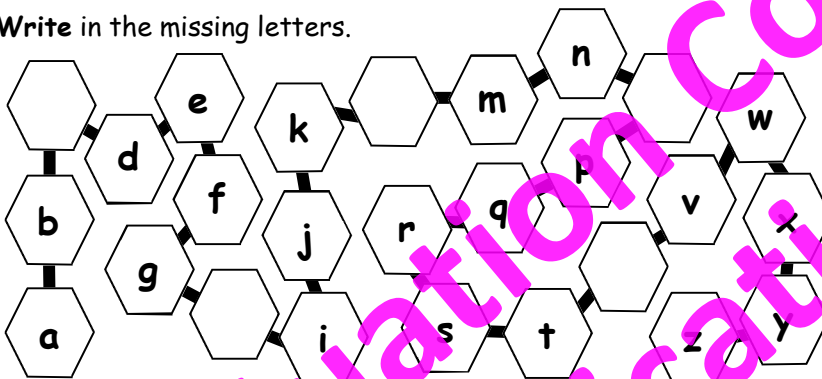

This resource contains ...

- **150x Daily Alphabet Activity Sheets**, 5 per A4 page. Enough for one a day for 30 weeks of the year.

Information about this resource:

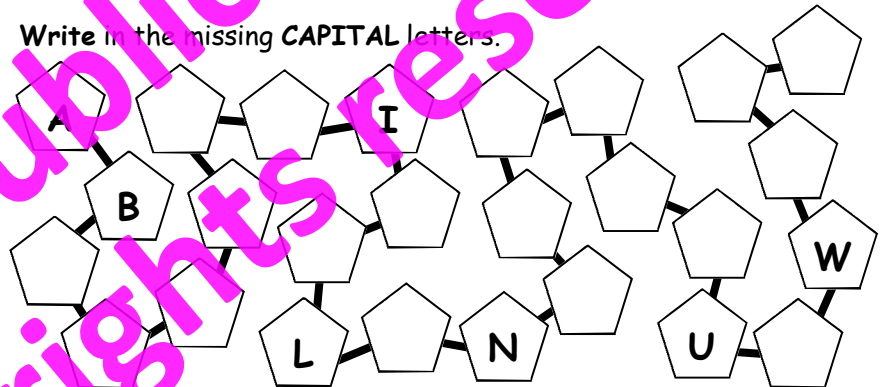

ALL **Daily Alphabet Activity Sheets** include a 'snake' of letters in alphabetical order, with **missing small** or **CAPITAL letters** to be written in the spaces provided, plus one of the following activities listed on the next page.

Write in the missing letters.

If **small letters** are used in the 'alphabet snake', encourage pupils to **write** the missing letters as **small letters**.

Write in the missing **CAPITAL** letters.

If **CAPITAL letters** are used in the 'alphabet snake', encourage pupils to **write** the missing letters as **CAPITAL letters**.

### Note: The shape of the small letter Q

**Two fonts** have been used in this resource, both displaying a slightly different small letter Q.

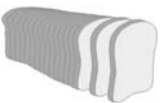

Using the font **Comic Sans MS**, the small letter **Q** does NOT have a flick on the bottom stroke of the Q .... **q**  
 This font has been used within the 'Alphabet snake' on each daily alphabet activity sheet.

Using the font **First Grader**, the small letter **Q** does have a flick on the bottom stroke of the Q .... **q**  
 This font has been used within the activities on each daily alphabet activity sheet.

Most computer fonts **do not have** a flick on the letter Q, so it is important that pupils are made aware of the different shape the small letter Q can take.

The activity on each Daily Alphabet Sheet includes one of the following ...
